PRIMEYARD®

⚠ HINWEIS:

Dieses Seitendach ist speziell für den Einsatz in einem Gerätehaus konzipiert und darf nicht als eigenständiges Bauteil verwendet werden. Bitte beachten Sie daher unbedingt die Sicherheitshinweise und Montageanleitungen des Gerätehauses um eine sichere und ordnungsgemäße Verwendung zu gewährleisten.

⚠ NOTE:

This side roof is specially designed for use in a shed and must not be used as a stand-alone component. It is therefore essential that you follow the safety instructions and assembly instructions for the shed to ensure safe and proper use.

⚠ REMARQUE:

Ce toit latéral est spécialement conçu pour être utilisé dans un abri de jardin et ne doit pas être utilisé comme élément de construction autonome. Veuillez donc impérativement respecter les consignes de sécurité et les instructions de montage de l'abri de jardin afin de garantir une utilisation sûre et conforme.

⚠ NOTA:

Este techo lateral está especialmente diseñado para su uso en un cobertizo y no debe utilizarse como componente independiente. Por lo tanto, es esencial que siga las instrucciones de seguridad y las instrucciones de montaje del cobertizo para garantizar un uso seguro y adecuado.

⚠ NOTA:

Este teto lateral foi especialmente concebido para ser utilizado num telheiro e não deve ser utilizado como componente autónomo. Por conseguinte, é essencial seguir as instruções de segurança e as instruções de montagem do telheiro para garantir uma utilização segura e correta.

⚠ NOTA:

Questo tetto laterale è stato progettato appositamente per l'uso in un capannone e non deve essere utilizzato come componente indipendente. È quindi essenziale seguire le istruzioni di sicurezza e di montaggio del capannone per garantire un uso sicuro e corretto.

⚠ OPMERKING:

Dit zijdak is speciaal ontworpen voor gebruik in een schuur en mag niet als zelfstandig onderdeel worden gebruikt. Het is daarom essentieel dat u de veiligheidsinstructies en montagehandleiding van de schuur opvolgt voor een veilig en correct gebruik.

⚠ BEMÆRK:

Dette sidetag er specielt designet til brug i et skur og må ikke bruges som en selvstændig komponent. Det er derfor vigtigt, at du følger sikkerhedsinstruktionerne og monteringsvejledningen til skuret for at sikre en sikker og korrekt brug.

⚠ OBS:

Detta sidotak är speciellt utformat för att användas i ett skjul och får inte användas som en fristående komponent. Det är därför viktigt att du följer säkerhetsanvisningarna och monteringsanvisningarna för skjulet för att säkerställa säker och korrekt användning.

⚠ MERK:

Dette sidetaket er spesialkonstruert for bruk i en bod og må ikke brukes som en frittstående komponent. Det er derfor viktig at du følger sikkerhetsinstruksjonene og monteringsanvisningen for skuret for å sikre trygg og riktig bruk.

⚠ HUOMAUTUS:

Tämä sivukatto on suunniteltu erityisesti käytettäväksi vajassa, eikä sitä saa käyttää erillisenä osana. Siksi on tärkeää, että noudatat vajan turvallisuus- ja asennusohjeita turvallisen ja asianmukaisen käytön varmistamiseksi.

⚠ UWAGA:

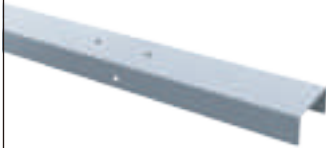

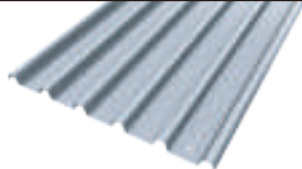

Ten dach boczny został specjalnie zaprojektowany do użytku w szopie i nie może być używany jako samodzielny element. W związku z tym, aby zapewnić bezpieczne i prawidłowe użytkowanie, należy bezwzględnie przestrzegać instrukcji bezpieczeństwa i montażu wiaty.

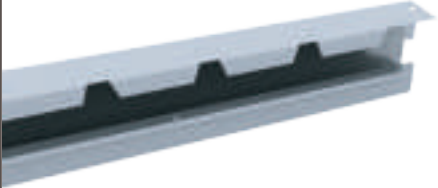

⚠ POZNÁMKA:

Tato boční střecha je speciálně navržena pro použití v přístřešku a nesmí se používat jako samostatný prvek. Proto je nezbytné dodržovat bezpečnostní pokyny a pokyny k montáži přístřešku, aby bylo zajištěno bezpečné a správné používání.

⚠ MEGJEGYZÉS:

Ezt az oldalsó tetőt kifejezetten fészerben való használatra tervezték, és nem szabad önálló alkatrészként használni. Ezért a biztonságos és megfelelő használat érdekében feltétlenül be kell tartani a fészer biztonsági utasításait és összeszerelési utasításait.
